

## WORK EXPERIENCE

2001 - Present	Full Professor of Anatomy    Sector: BIO-16 School of Health and Physical Exercise, actually Department of Biomolecular Sciences Urbino University (IT). Professor of: Human Anatomy, first level course, Clinical Anatomy, second level course, Clinical Anatomy of Locomotor System, I level Master Course "Functional training",
2015– 2018	Coordinator of PhD Course of "Life Science, Health, Biotechnologies"
2009 – 2014	Rector Delegate for Department Coordination, Urbino University.
2009 – 2016	President of Second Level Course of Physical Education for Health and Prevention, Urbino University.
2008 – 2014	Coordinator of PhD Course of "Molecular and morpho-functional methods applied to physical exercise"
2008 – Present	Member of Urbino University Library Committee
2007 – 2009	Member of Evaluation Nucleus of Urbino University
2006 – 2009	Board Member of Urbino University Center of Language Study
1995 - 2001	Associate Professor of Human Anatomy School of Pharmacy, Urbino University.
1992 - 1995	Associate Professor of Histology, Medical School, Chieti University.
1981 - 1991	Researcher, Medical School, Bologna University.
1989 – 2010	CNR Research Associate, Institute of Molecular Genetics, Istituti Ortopedici Rizzoli, Bologna. (IT).
1983 - 1984	Research Assistant, Medical School, University of Geneva (CH).
1973 - 1980	Scientific Fellowship, Medical School, Bologna University

## EDUCATION AND TRAINING

1991	International School of "Techniques Immunocytochimiques en microscopie photonique et electronique", INSERM, Reims (FR)
------	--

- 1990 International School of "Cryomethods for Immunocytochemistry", Saarlandes Univ., Seefeld (AU).
- 1985 – 1990 Degree (Hons) in Medicine, Bologna University.
- 1975 Speciality in Virology, Bologna University.
- 1974 "International School of Electron Microscopy", Erice, Centro di Cultura Scientifica Ettore Majorana (IT).
- 1967 – 1971 Degree (Hons) in Biological Sciences, Bologna University.
