

CURRENT POSITION

Confirmed researcher Bio 16 Human Anatomy at the Department of Anatomical, Histological, Medical-legal and Locomotive Sciences, La Sapienza University of Rome, via alfonso borelli 50.

CAREER AND TITLES

She graduated in Biological Sciences (5-year degree course, Bio-Molecular) on 20/11/1997 with 110/110 cum laude, at the University "Tor Vergata" in Rome.

In July 2004 he obtained the title of PhD in Dermatology, Anatomy and Plastic Surgery, at the Department of Human Anatomy, University of Rome "La Sapienza".

From November 2003 to October 2005 he was Research Fellow of the 2nd Faculty of Medicine and Surgery, at the Department of Human Anatomy, University of Rome "La Sapienza".

From November 2005 to October 2006 he obtained a paid contract to carry out orientation activities for the II Faculty of Medicine and Surgery of the University of Rome "La Sapienza".

In November 2006, after being nominated winner of the procedure of comparative evaluation to No. 1 post of university researcher in the scientific discipline Bio 16, Human Anatomy, takes service at the II Faculty of Medicine and Surgery, University La Sapienza in Rome and belongs to the Department of Human Anatomy, the University of Rome "La Sapienza".

In November 2009 he was declared a confirmed researcher.

TEACHING ACTIVITY

1) Professor of human anatomy in the integrated course of human anatomy and clinical I-II-III of the degree course in Medicine and Surgery at the Faculty of Medicine and Psychology, sant'andrea hospital.

2) Professor of human anatomy in the integrated course of Human Anatomy-II-III, Degree Course in Medicine and Surgery "F" International Medical School Sapienza.

1) Teacher of human anatomy in the integrated course of advanced morpho-functional sciences and techniques I of the two-year inter-faculty master's degree course in medical biotechnology.

2) currently professor of human anatomy coordinator of the course, in the integrated courses of anatomy and physiology of the following degree courses of the Faculty of Medicine and Psychology, hospital sant'andrea: Physiotherapy, Podiatry, occupational therapy, Technique of psychiatric rehabilitation, orthopedic techniques.

3) human anatomy teacher and coordinator of the course, in the integrated anatomy and physiology courses of the following degree courses of the Faculty of Medicine and Psychology, sant'andrea hospital location: nursing; s. pietro hospital location: nursing, sant'andrea hospital location

4) Teaching position in the Master's Degree Course in Chronic Pain Therapy: Invasive techniques, mini-invasive techniques and drug therapy

Participation in orientation and work school alternation projects of the faculty

SCIENTIFIC ACTIVITY

Dr Relucenti's research activity began in 1996, in the human genetics laboratory of the University of Tor Vergata. Since 2000, the research activity has been carried out at the Laboratory of Electron Microscopy "Pietro M. Motta" of the Human Anatomy section of the Department of Anatomical, histological, medical and legal sciences and of the locomotor apparatus of the University of Rome "La Sapienza". This activity has been carried out in collaboration with numerous researches, which have had and have as their object fields of Research, pure and applied, of bio-medical interest, related to morpho-functional and ultrastructural studies on: biocompatible materials (prostheses and dental materials), bone and calcified tissues (such as atherosclerotic plates), microvesicles of cellular or synthetic origin (exosomes, liposomes), ultrastructure of gametes and tissues of the male and female genital apparatus.
